Taking refuge in the Sublime Guru and Ushnishavijaya,
Unmasks death, the great impermanence, showing it to be illusory,
And swiftly grants all ordinary and supreme siddhis, whatever is desired.
To the Sublime Guru and Ushnishavijaya, I prostrate.

13

शुश्राव शुश्राव अहो द्विद्वया
प्रसाद्य अहो द्विद्वया

त्रिप्रसाद्य अहो द्विद्वया
प्रसाद्य अहो द्विद्वया ।

舊譯派中稀有難覓得
吉祥現為至寶此修法

近傳具足加持與威光
諸具智者請採納此法

This extraordinary lineage, endowed with splendour and blessings,
Is rarely found in the Old Translation tradition, and
This text has come into being to glorify excellent dharma practice.
Those who are wise, please accept it.

14

महात्मानां द्विद्वया अहो द्विद्वया अहो द्विद्वया
महो द्विद्वया अहो द्विद्वया अहो द्विद्वया अहो द्विद्वया
अहो द्विद्वया अहो द्विद्वया अहो द्विद्वया अहो द्विद्वया

此陀羅尼修法與千供儀軌，來源真實、具大加持。這類修持雖然在新譯派中廣為人知、普遍流傳，然而在舊譯派中恐怕僅有此標準儀軌。此外，修習此儀軌，不論所求之加持為何，都會立刻出現。此種利益已由多位大師的體驗直接證實。因此實修此法極宜。

This method of consecration by reciting dharanis and making a thousand offerings originates from authentic sources and is endowed with great blessings. Although such a practice is widespread in the New Translation tradition, this is probably the only standard liturgy found in the Old Translation tradition. In addition, the effectiveness of practising this liturgy is proven since it has been experienced directly by many masters and brings immediate blessing. And so it is a very good idea to engage in this practice.

本人以純淨的發心，為了利益那些有意樂修持長壽法者，撰寫此本一見即明的儀軌。此儀軌分三部分：

- I 加行 (p.17)
 II 正行 (p.77)
 III 結行 (p.212)

This text has been clearly and conveniently arranged, with the pure intention of helping those who are interested in doing long life practice, in three parts:

- I *Preparation (p.17)*
 - II *The Main Practice (p.77)*
 - III *Conclusion (p.212)*

I 加行

加行分為二部分

- 1 準備所依與供物 (p.19)
 - 2 前行 (p.22)

I PREPARATION

The preparation is in two parts:

- 1 *Gathering the Representations and Offering Substances* (p.19)
 - 2 *The Preliminary Practice* (p.22)

1 準備所依與供物

徹底打掃修法之處，灑藏紅花水，懸掛無死聖度母、佛頂尊勝佛母等法照。

在修法室中央，放置一張三層的桌子，在其中擺設三寶所依及各種莊嚴。在最底層的桌上鋪好上等桌布並繪畫八瓣蓮花，然後在中間的桌子鋪上布壇城，或以白色穀物（如米）標記壇城。

壇城中央安置殊勝寶瓶，盛裝藏紅花水與二十五種物質，於瓶頸繫上黃布。

在次一層安置性相圓滿之尊勝塔，如裝滿長短陀羅尼經卷等裝藏物。在塔的頂門嵌入佛頂尊勝佛母的法照。於寶瓶和塔的周圍右旋方向擺設七供（兩杯水與其他外供），於東北方擺設花，東方擺設水等等。

寶瓶前方安置三腳架，其上放置海螺、貝殼，或如銅等所製的珍寶容器，內盛淨水、牛奶與花。

如果單純持誦陀羅尼，那麼準備以上供物即可。

如果要修千供，就用香、燈與食物，於所依周圍底層設供每項一千份。然而，若因任何原因無法放滿一千份供養，每項三百份亦可。其餘的供養沿著桌子四邊擺設，或者擺於圍著中央佛龕的額外桌上，或方便處。壇城上方量力懸掛寶傘或華蓋。於頂層四隅各安置垂幡，置勝幢於四邊中間，於每面垂幡與勝幢之間安置三面五色飛幡。總數為二十四面。

壇城前面安置一個善妙白色圓形陀羅尼食子（置於壇城直到整個修法儀式結束），四個圓形食子（每日拋出獻供），以及一千個生麵團以手捏成三角形置於大鉢。以三白灑淨食子。同時收集其餘必需物品，如拋撒的米、香、樂器等等。

1 GATHERING THE REPRESENTATIONS AND OFFERING SUBSTANCES

Thoroughly clean the place where the practice will happen, sprinkle it with perfumed water and hang pictures of the Chimé Phagma Nyingtik, Ushnishavijaya, etc, on the walls.

Place a table with three tiers in the middle of the practice room amidst of an array of representations of The Three Jewels and ornaments. Cover the lowest tier of the table with a beautiful cloth and draw an eight-petalled lotus, then either spread a cloth mandala in the middle of the table, or mark the mandala with white grain (like rice).

In the centre of the mandala, place an extraordinarily excellent vase, with a yellow cloth tied around its neck, filled with saffron water and the twenty-five substances.

On the next tier place the vijaya stupa complete with all characteristics, such as being filled with long and short dharanis written on scrolls. Insert a picture of Ushnishavijaya at the door of the dome of the stupa. Clockwise around the vase and stupa arrange the seven offerings—two bowls of water and the other outer offerings—placing the boundary flower to the north-east, and the drinking water to the east, etc.

In front of the vase place a tripod holding a conch shell, oyster shell or container made of precious substances such as copper, and so on, filled with pure water, milk and flowers.

This amount of offerings is sufficient for one ritual consecration. If you are making a thousand offerings, use incense, butter lamps and food, and arrange a thousand of each around the representations on the bottom tier. However, if for any reason you can't do a thousand offerings, three hundred of each will do. Arrange the rest of the offerings along the four sides of the table, or on extra tables surrounding the central shrine, or wherever is convenient.

Hang a parasol or canopy, whatever's available, above the mandala. Place pendants at the four corners of the top level, a victory banner in the middle of each of the four sides, and three banners of five colours in between each pendant and victory banner. In total, there should be twenty-four banners.

In front of the mandala, place a perfect white, round dharami torma (it will remain in the mandala throughout the ritual), four round tormas (which will be offered daily), and one thousand pieces of dough, shaped by hand into triangular shapes and placed in a large bowl. Sprinkle the tormas with the three white substances. Also, gather all other necessary substance, such as rice for scattering, incense, musical instruments, and so on.

2 前行

前行分為五部分

2 THE PRELIMINARY PRACTICE

The preliminary practice is in five parts.

a) 律儀

所有與會者須洗滌五肢——雙手、兩足與頭——並以乳香或藥材之煙潔淨。

已受出家戒如沙彌等，而未壞戒律者不需受一日齋戒。未受出家戒律之行者不受齋戒則此修法不圓滿。然而，對沙彌與比丘來說，受一日齋戒已成為一項傳統，能讓他們懷著「盡形壽嚴持戒律」的心念去修持。

a) The Precepts

All participants must wash their five limbs—arms, legs and head—and be cleansed with the smoke of frankincense or medicinal wood. Those ordained as novices who have not broken their vows need not take the one-day precepts. The practice will not be incomplete if they don't take precepts. However, if some practitioners have not received the vow of renunciation, in the process when they take the one-day precepts it has become a tradition for novitiates and fully ordained monks who perform the ritual to aspire to firmly maintain their vows throughout their lives.

The tathagatas, the destroyers of enemies, the perfectly-accomplished buddhas who were completely committed to benefiting others, like the selflessly courageous all-knowing horse, and who had the strength of the great elephant to bear the infinite abundance of compassion that inspired them to teach the unsurpassable mahayana; who had benefited themselves by perfectly completing the spiritual path, and worked tirelessly for the benefit of others. All the buddhas of the past, abandoned karma and conflicting emotions, attained their purpose, and completely exhausted the constraints of samsara.

Endowed with perfect speech, completely liberated minds and transcendental wisdom, they truly embraced the precepts of mending broken vows and purifying defilements and transgressions for the benefit of all sentient beings.

To help, liberate and free all sentient beings from sickness, dispel their hunger, thoroughly perfect all the dharma practices that bring about enlightenment, and truly realize unsurpassable, complete enlightenment, I... () wholeheartedly embrace all the precepts from now on until sunrise tomorrow.

From now on, I will not take the lives of others, nor accept their wealth.
I shall not indulge in sexual activities, nor speak untruthful words.
I will entirely give up alcohol, the source of many faults,
And will not sit on a high seat or throne.
Likewise, I shall renounce taking food after midday, perfumes, garlands,
ornaments,Dancing, singing, and so on.
Just as the arhats always avoid taking the lives of others, and so on,
I will give up killing, and so on.
May I attain unsurpassable enlightenment,
And free all beings, tormented by many sufferings,
From this infinite ocean of samsara.

I prostrate to the Omniscient One.

Thus, the Buddha, bhagavat, tathagata, arhat samyaksambuddha, the learned and virtuous one, the sugata, the knower of the world, the charioteer and tamer of beings, the unsurpassable one, the teacher of devas and men, is the Buddha bhagavat. The tathagata is in accord with all merit. He does not waste the roots of virtue. He is completely ornamented with all patience. He is the basis of the treasure of merit. He is adorned with the minor marks. He blossoms with the flowers of the major marks. His activity is timely and appropriate. Seeing him, he is without disharmony. He brings true joy to those who long with faith. His knowledge cannot be overpowered. His strengths cannot be challenged. He is the teacher of all sentient beings. He is the father of bodhisattvas. He is the king of noble ones. He is the guide of those who journey to the city of nirvana. He

¹ translation by the Nalanda Translation Committee.

possesses immeasurable wisdom. He possesses inconceivable confidence. His speech is completely pure. His melody is pleasing. One never has enough of seeing him. His form is incomparable. He is not stained by the formless realm. He is completely liberated from suffering. He is completely and utterly liberated from the skandhas. He is not possessed with dhatus. His ayatanas are controlled. He has completely cut the knots. He is completely liberated from extreme torment. He is liberated from craving. He has crossed over the river. He is perfected in all the wisdoms. he abides in the wisdom of the buddha bhagavats, who arise in the past, present and future. He does not abide in nirvana. He abides in the ultimate perfection. He dwells on the bhumi where he sees all sentient beings. All these are the perfect virtues of the greatness of the Buddha bhagavat.

The holy dharma is good at the beginning, good in the middle and good at the end. Its meaning is excellent. Its words are excellent. It is uncorrupted. It is completely perfect and

completely pure. It completely purifies. The bhagavat teaches the dharma well. It brings complete vision. It is free from sickness. It is always timely. It directs one further. Seeing it fulfills one's purpose. It brings discrimination insight for the wise. The dharma which is taught by the bhagavat is revealed properly in the vinaya. It is renunciation. It causes one to arrive at perfect enlightenment. It is without contradiction. It is pithy. It is trustworthy and puts an end to the journey...

As for the sangha of the great yana, they enter completely. They enter insightfully. They enter straightforwardly. They enter harmoniously. They are worthy of veneration and joined palms. They are worthy of receiving prostration. They are a field of glorious merit. They are completely capable of receiving all gifts. They are an object of generosity. They are a great object of complete generosity.

HO
 To the lotus feet of the buddhas and bodhisattvas of the ten directions,
 And to Ushnishavijaya, the Victorious Mother,
 As many times as there are dust particles in the universe,
 With devotion, I prostrate, body, speech and mind.
 Unsurpassable clouds of offering like those of Samantabhadra,
 Outer, inner and secret, I offer.
 All my negative actions, defilements, faults and downfalls,
 I admit and confess.
 In the practice of the Two Accumulations, I rejoice.
 Turn the wheel of the dharma, I pray,
 And don't pass into the state beyond suffering.
 All the merit necessary for attaining the essence of enlightenment,
 I dedicate.
 May I swiftly attain buddhahood for the benefit of all beings.

AH

Out of unconditioned emptiness,

Which is the door of the unborn dharani

Arises my mind in the form of a golden syllable BHRUM—

Dependent arising without characteristics—

The aspect of fruition without expectation,

Emanating boundless rays of wisdom light,

Purifying all grasping at the reality of the world and beings.

From out of that arises the stupa of dharmakaya, complete with all its attributes.

In its dome, on a lotus and moon-disc seat,

Is the syllable BHRUM, from which, instantly,

I arise as the precious Ushnishavijaya,

Radiant as the sky at the break of day,

With one face, two arms and a peaceful, smiling expression.

She is adorned with scarves, jewels and flowers.

With her right hand in the mudra of supreme giving,
She summons life and glory with a jewel hook.
With her left hand in the mudra of equanimity,
She holds a long-life vase which grants supreme accomplishment.
With her two legs in vajra posture,
She abides in the midst of countless rays of light.

At her heart is a double vajra,
In the centre of which is the syllable BHRUM surrounded by a garland of mantras.
As I recite the mantra, rays of light emanate in all ten directions.
As they reconverge, the life-essence and splendour of samsara and nirvana
Are gathered and dissolved into the mantra garland.
Through this, a stream of amrita flows from the mantra syllables, filling my body,
So that sickness, *jungpo* demons and the defilements of negative actions are purified,
And life, glory and wisdom are increased.

Arising out of shunyata, in the sky before me,
On a ground made from many kinds of precious jewels,
Flat like the palm of a hand,
Appear abundant wish-fulfilling trees, pools of amrita,
And inconceivable clouds of delightful offerings.

At the centre, on a lotus and moon-disc seat,
Is the syllable BHRUM.
From which arises a vase, complete with all attributes,
Spacious and vast, filled with amrita, and
Beautifully adorned with excellent divine substances.

On the level above the vase is the great stupa, the symbol of dharmakaya,
Which is unstained primordial wisdom (mindfulness, and so on).
The stupa blazes with the colour of refined gold.

At its centre, on a multi-coloured lotus and moon-disc seat,

The golden syllable BHRUM emanates boundless rays of light,
Making offerings to the Noble Ones and purifying the defilements of all beings.

The light is then reabsorbed, blending the essence
Of samsara and nirvana into the indestructible amrita.

From out of this, arises the great precious Ushnishavijaya,
Radiant like the sky at the break of day,
With one-face, two arms, and a peaceful, smiling expression,
Adorned with scarves, precious jewels and flowers.
With her right hand in the mudra of supreme giving,
She summons life-essence and glory with a jewel hook.
With her left hand in the mudra of equanimity,
She holds a long-life vase that grants supreme accomplishment.
With her two legs folded in vajra posture,
She abides in the midst of sparkling rays of light.

In the four directions, sitting on moon-disc seats, are:

Blue Vajra Ushnisha in the East,
White Sugata Ushnisha in the South,
Red Lotus Ushnisha in the West, and
Green Karma Ushnisha in the North.

In their right hands, they hold hooks which are their individual emblems,
And in their left hands exquisite vases filled with amrita.

Resplendent with scarves and jewel ornaments,
Their radiant faces are graced with peaceful smiles,
And they sit crossed-legged, in the posture of the male bodhisattvas.

Around them, upon the sun seats, are:

In the East, the protector Achala, blue in colour,
Holding a sword in the sky and striking with a hook;
In the South, Humkara, yellow in colour,

Holding a jewel in the sky and binding with a lasso;
In the West, Niladandin, red in colour,
Holding a skull-ornamented mace in the sky and binding with a chain;
In the North, Mahabhala, grey in colour
Holding a trident in the sky and ringing a bell.
With wrathful, fiery expressions, and
Wearing with tiger skin robes, jewels and snakes,
They stand majestically amidst the blazing fire of wisdom.

Around them, infinite buddhas, bodhisattvas, deities, rishis and
Vidyadharas who grant the siddhis of long-life and wisdom,
Are gathered, like specks of dust in sunlight,
Their three places marked with OM AH HUM.

Emanating boundless rays of light, they invoke the jnanasattvas.

Visualize the samayasattva.

And adorn the crown of the Queen of the Mandala.

From my heart emanates tremendous rays of light,
Like the radiance of the sun at day break,
Striking the hearts of the deities of the main visualization,
Invoking their aspiration and reminding them of their commitments.

The dharani of patience is the unborn mind,
The dharani of dharma is knowing all that is to be known,
The dharani of ultimate meaning is realizing non-duality,
The dharani of words is the extraordinary manifestation
 Of the limitless display of meditative absorption.

Mantras making their own sounds and rays of light,
Emanate from the heart of the main deity and her retinue,
Pervading the infinite buddhafields of the ten directions,
Making offerings to the Noble Ones and reminding them of their bodhicitta vow,
Purifying the obscurations created by the negative actions of sentient beings,
Increasing life, merit, glory, wealth and wisdom,
And gathering the essence of samsara and nirvana.
All this now dissolves into me, and
In this way, I receive the Two Accomplishments,
As a continuous stream of amrita flows from the deities,
Filling the vase completely.

(2) 持誦陀羅尼

(2) Recitation of the Dharani

專注如上觀想，繞行壇城一千遍，同時持誦陀羅尼一千遍。繞行之間，也必須供養和讚頌。

依照目前的修持傳統，如果有十位修持者，每位需要唸誦陀羅尼一百遍，每十次唸誦後，則進行一遍供養和讚頌。

同樣，坐著持誦五十遍陀羅尼後，應該起立繞行壇城，每繞行壇城兩圈，唸誦一遍陀羅尼，唸完十遍陀羅尼後，回座進行一遍供養和讚頌。如此修持，積集持誦陀羅尼及環繞各千遍，供養和讚頌各百遍。

若有二十位修持者，每位應持誦陀羅尼五遍，繞行十次。若只有五位或少於五位修持者，則每位應持誦陀羅尼十遍，繞行二十次。

記著，開始持誦時，結賜福手印，兩手於心間水平合掌，兩食指中節略曲內彎，與兩拇指相觸。持著花唸誦：

Visualize all this with one-pointed concentration and recite the dharani a thousand times while circumambulating the mandala one thousand times.

It is also necessary to make offerings and praise at various intervals during the circumambulations. According to the present practice tradition, if ten practitioners engage in this practice, each one must recite the dharani a hundred times, and after each ten recitations make offerings and praise.

In the same way, after reciting the dharani fifty times while you are seated, you should then get up and circumambulate the mandala, reciting one dharani for every two circumambulations. After ten dharani recitations, return to your seat and perform offering and praise once. By practicing in this way a total of one thousand dharani recitations and circumambulations and one hundred offerings and praises should be accumulated.

If there are twenty practitioners, each must perform five dharani recitations and circumambulations ten times. If there are five practitioners or less, each must perform five dharani recitations and circumambulations twenty times.

Bearing this in mind, when you start the recitations, first make the mudra of granting good luck by keeping your two hands folded at your heart horizontally join your thumbs with two fingers bent from the middle joint, and holding a flower, recite:

The display of precious and beautiful parasols and canopies arises; and
The banners of auspiciousness and virtue arise.

Again, after having performed the recitation of dharani, etc, five times, stand up and make ten circumambulations and five offerings and praises and recited the dharani, as before.

The Main Practice III
正行三

Offering The Tormas
供食子

201

因為必須在外面開放的空間，供養一千個食子，所以應該由十一人來修持此法。

當持誦半數的陀羅尼，而繞行即將結束之際，一位出家人應該走到外面開放的空間，在乾淨的小臺上，將四個手工製作的食子，和一千個三角形的食子排列起來，以寶瓶中之甘露灑淨，然後唸下咒清淨之。

Since it's necessary to perform a thousand torma offerings outside in the open, this practice should be performed by a group of eleven practitioners.

When half the dharani has been recited and the circumambulations have almost been completed, one monk should go out into an open space and set out four tormas in a straight row and one thousand triangular mini tormas shaped by hand. The tormas should be sprinkled with water from the vase and purified by reciting:

嗡 梭巴哇 舒朵 薩哇 達瑪 梭巴哇 舒朵 杠
OM SVABHAVA SHUDHO SARVA DHARMA SVABHAVA SHUDHO HAM

If possible, recite OM AMRITE HUM PHAT, rinse your mouth with water from the conch shell and return to your seat.

For this ritual too, if you have two persons it will be easier to complete it without rushing. Since it's not necessary to count the recitations of those who are practising inside the practice hall, the one can also offer tormas during the recitation.

以如上之頌文為例，盡量唸誦真實可信的吉祥祈禱文，同時演奏美妙音樂以令善妙。

*Using these verses as an example, recite as many authentic auspiciousness
prayers as possible and bring about auspiciousness by playing sweet music.*

壇城上寶瓶中的淨水，已經受到陀羅尼修法的加持，具有廣大之功德利益，自他飲用皆可得益，可用此水為病者除障，可為護持佛法的天神及龍神之神像灑淨。希求保佑者一切世出世的願望皆可滿願。修持此法的詳細利益，在《佛頂尊勝佛母經》中有所記載。

Since the water in the vase on the mandala is blessed and beneficial to drink—for both yourself or others—it can be used when performing purification practices for the sick. By sprinkling some on images of the devas and nagas who are the great supports of the Dharma, those who need protection will have all their wishes, ordinary and supreme, fulfilled. All the details of the benefits of this practice can be found in the Ushnishavijaya Sutra.

292

佛頂尊勝伏藏中言道：

如是精勤修此法
壽福智慧得增長
究竟證得圓滿佛
煩惱業苦得清淨
證得無死持覺位

It is said in the term of Ushnishavijaya:

*Practicing diligently in this way,
Will purify our karma, conflicting emotions and suffering,
Increase our life-span, merit and wisdom,
And, we will attain the vidyadhara state of deathlessness,
Through which, ultimately, we will become perfect buddhas.*

又言道：

此儀軌由百萬諸佛所教授並加持，可清淨業力染污、轉生惡趣等惡業。

此教授開解脫道，

速證究竟無死位，

任何其他儀軌，皆無法與此佛頂所生之尊勝母相比，

由集結、書寫此陀羅尼儀軌
願我及一切有情證得依怙無量壽佛無死身
任運圓成自他二利。

294

It is also said:

This liturgy was blessed and taught superbly by millions of buddhas and By their blessings, karmic defilements and rebirth in the lower realms are purified.

*This teaching opens the path to liberation,
And swiftly grants the ultimate level of deathlessness.*

*There is no other text comparable with this of Vijaya, born of Ushnisha.
Through the virtue and merit of compiling the text for this dharani consecration ritual,
May I and all sentient beings attain the deathless body of the protector Amitayus,
And spontaneously accomplish supreme benefit for myself and others.*

此佛頂尊勝陀羅尼完整清晰之儀軌，是由「無死聖度母心要」中擷取而出。由貝瑪嘎旺羅卓塔耶本著希望能利益自己及其他有緣眾生之心，沒有以自己的不淨妄念，污染根本金剛句及遍知上師的口訣，於宗薩札西拉則(宗薩寺)之隱修處「吉祥無死成就喜苑」撰寫而成。

This clear and complete liturgy for the dharani consecration of Ushnishavijaya, was taken from the terma text of The Heart Essence of Deathless Arya Tara (Chimé Phagma Nyingtik) and composed by Padma Garwang Lodro Thaye at Tashi Chime Drupai Gatsel, the hermitage at the great dharma centre of Dzongsar Tashi Lhatse, with the intention to benefit myself and all others who are in need, without corrupting the root vajra verses and oral transmissions of the omniscient Lama with my own conceptual impurities.

此儀軌於 2008 年 6 月，由李香蘭與何念華拼寫藏音，周威龍與馬君美翻譯文意。2010 年 12 月馬君美依吳寧強由藏文中譯之文本，再次校正文句。徐以瑜校對藏文拼音。
2012 年 5 月再次校勘。

有一次吉祥薩迦寺有多種疫病流行，當時，許多咒士，用盡各種不同的驅邪、藥物、符咒、儀軌等方法，皆無法消除疾病。當時薩迦寺因而變得非常荒涼。就在此時，大成就者（譯者註：當通介波）指示寺廟中的出家眾念誦皈依、六字大明咒，以及此發願文，出家眾依此指示去做，疫病立刻終止。所以，此願文被稱為薩迦除病發願文，而且，被譽為能帶來如雲海之加持的金剛語。

When a variety of different epidemics broke out at the great monastery of the glorious Sakya, many Bön practitioners performed various antidotes, such as exorcism, medicine, incantation, protection rituals and so on, but they did not bring any benefit and the monastery was brought the verge of complete desolation. At that point, the Lord Mahasiddha instructed the monks of the monastery to chant refuge prayers (May all mother-like sentient beings as numerous as the sky is vast, and so on), Mani mantras and this aspiration prayer. They did as instructed, and as a result all the epidemics were staunched immediately. Therefore, the prayer was called The Aspiration Prayer of the Sakyas that Dispels Sickness, and is renowned as being the vajra speech that emanated a cloud of blessings.

此祈請文是以我細如毛髮尖端的虔誠心，由遍知上師、佛法聖教之主，猶如大海一般的生活及解脫之中，沾取一滴水滴。因眾多信眾之希求，由愚者羅卓塔耶，從香巴噶舉無等大師生平的祈請文「烏巴拉花鬘」中選錄而成。並加入了發願文等少數幾個偈頌。願善業吉祥增長！

最後三個偈頌，談及至尊上師之圓寂及轉世，是由確吉羅卓所加。願此文成為被至尊文殊上師生生世世攝受及獲得智者覺悟見地加持入自心之源。

2008年3月，蘇南彭措和史迪夫·克藍在澳洲金剛持寺由藏譯英。2008年5月馬君美依宗薩欽哲仁波切的囑咐由英譯中；2010年12月修正。

This drop, from the great ocean of the life and liberation of the precious omniscient guru, the sovereign lord of all the teachings of the Buddha, drawn with the hair tip of devotion, was written by the foolish Lodrö Thaye in response to the wishes of numerous devotees by extracting from the supplication to the lives of the peerless Shangpa Kagyu, called "The Garland of Udumbara" and also adding a few verses such as the verses of aspiration and so on. May this bring virtue and auspiciousness!

The culminating addendum of the three stanzas relating to his passing away and rebirth were added by Chökyi Lodrö. May it be the source of being cared for by the venerable Mañjushrī Guru in all lifetimes and the blessings of the enlightened perspective of wisdom being entered into the centre of the heart.²⁰
